

U-100 syringe scale · 1 mL

100 units = 1.00 mL · 1 unit = 0.01 mL · Numbers: units; mL under the close-ups. Drawn with a line every 1 unit.

How the lines read

- Long line:** every 10 units
- Middle line:** every 5 units
- Short line:** every 1 unit on this sheet
- 10 Numbers:** every 10 units

Units and mL

10 units = 0.10 mL	20 units = 0.20 mL	30 units = 0.30 mL
40 units = 0.40 mL	50 units = 0.50 mL	60 units = 0.60 mL
70 units = 0.70 mL	80 units = 0.80 mL	90 units = 0.90 mL
100 units = 1.00 mL
